IN THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application.

Listing of Claims

1.   (Currently Amended) A method ~~for compactly storing a word processing document~~ in a data processing system comprising:

storing a set of styles associated with ~~said~~ a word processing document in a first record;

storing a set of text information associated with said word processing document; and

storing a set of linking information that links said set of text information and said set of styles.

2.   (Original) The method of claim 1 wherein said set of styles is divided into a first gallery and a second gallery.

3.   (Original) The method of claim 2 wherein said first gallery is a set of paragraph styles.

4.   (Original) The method of claim 2 wherein said second gallery is a set of text styles.

5.   (Canceled).

6.   (Original) The method of claim 2 further comprising:

storing said set of text information and said set of linking information in one or more

second records.

7.   (Currently Amended) The method of claim ~~2~~ 1 wherein ~~said step of storing said~~

the set of text information comprises:

~~storing one or more characters of said set of text information in a multi-byte format.~~

one or more multi-byte characters.

8.   (Currently Amended) A word processing document compactor comprising:

a first storage mechanism configured to store a set of styles associated with a word

processing document in a first record;

a second storage mechanism configured to store a set of text information associated with

said word processing document; and

a third storage mechanism configured to store a set of linking information that links said

set of text information and said set of styles.

9.   (Original) The word processing document compactor of claim 8 wherein said set

of styles is divided into a first gallery and a second gallery.

10.   (Original) The word processing document compactor of claim 9 wherein said

first gallery is a set of paragraph styles.

11.   (Original) The word processing document compactor of claim 9 wherein said

second gallery is a set of text styles.

12.   (Canceled).

13.   (Original) The word processing document compactor of claim 9 wherein said

second storage mechanism and said third storage mechanism are further configured to store said

set of text information and said linking information in one or more second records.

14.   (Currently Amended) The word processing document compactor of claim 9̶ 8̲

wherein s̶a̶i̶d̶ ̶s̶e̶c̶o̶n̶d̶ ̶s̶t̶o̶r̶a̶g̶e̶ ̶m̶e̶c̶h̶a̶n̶i̶s̶m̶ ̶i̶s̶ ̶f̶u̶r̶t̶h̶e̶r̶ ̶c̶o̶n̶f̶i̶g̶u̶r̶e̶d̶ ̶t̶o̶ ̶s̶t̶o̶r̶e̶ ̶o̶n̶e̶ ̶o̶r̶ ̶m̶o̶r̶e̶ ̶c̶h̶a̶r̶a̶c̶t̶e̶r̶s̶ ̶o̶f̶

s̶a̶i̶d̶ the set of text information i̶n̶ ̶a̶ ̶m̶u̶l̶t̶i̶-̶b̶y̶t̶e̶ ̶f̶o̶r̶m̶a̶t̶.̶ comprises:

        one or more multi-byte characters.

15.   (Currently Amended) A computer program product comprising:

        a computer usable medium having computer readable program code embodied therein

configured to compactly store a word processing document, said computer program product

comprising:

computer readable code configured to cause a computer to store a set of styles associated with said word processing document <u>in a first record</u>;

computer readable code configured to cause a computer to store a set of text information associated with said word processing document; and

computer readable code configured to cause a computer to store a set of linking information that links said set of text information and said set of styles.

16.   (Original) The computer program product of claim 15 wherein said set of styles is divided into a first gallery and a second gallery.

17.   (Original) The computer program product of claim 16 wherein said first gallery is a set of paragraphs styles.

18.   (Original) The computer program product of claim 16 wherein said second gallery is a set of text styles.

19.   (Canceled).

20.   (Original) The computer program product of claim 16 wherein said computer readable code configured to cause a computer to compactly store further comprises:

computer readable code configured to cause a computer to store said set of text information and said linking information in one or more second records.

21.   (Currently Amended) The computer program product of claim ~~16~~ <u>15</u> wherein

~~said computer readable code configured to cause a computer to store said~~ <u>the</u> text information

further comprises:

~~computer readable code configured to cause a computer to store one or more characters~~

~~of said set of text information in a multi-byte format.~~

<u>one or more multi-byte characters.</u>
